LUNDAGER was founded in 1985 in Western Jutland, Denmark, by its current owner, Ove Lundager. Since then, our company has evolved significantly. After relocating to Odense in 2004, we continued to grow. In 2016, we began designing our own ceramics and selling customized, added-value concepts. In September 2022, we acquired the brand TINGDAL. Annually, we produce 20 million mini plants and 4 million larger plants, covering a vast area of 120,000 square meters. Green plants, succulents, cacti, and flowers enhance life quality, purify the air, and create aesthetically pleasing moments. With over 400 varieties in our product range, we aim to bring all the above to our customers. Our vision is to be Europe's preferred supplier of mini green plants, reflecting our commitment to:
